These measurements are referred to the body dimensions and not to the garments.

WASHING INSTRUCTIONS

All product are made to meet the highest standards and are subject to strict quality control procedures. Garments however can discolour due to substances such as mud and grass, liniment or oil, and of course perspiration, all of which may not be fully removable by washing. The extent of discolouration can be greatly reduced by following a few simple procedures. Soaking and/or washing the garments in water and detergent as soon as possible after use can reduce discolouration, using at least the same volume of water as the garment being treated. Always follow detergent manufacturers instructions, especially those intended to tackle heavy stains and avoid product containing bleach. Macron cannot accept any liability for discolouration or damaged to garments resulting from staining caused by elements foreign to the materials used in manufacture.

- Match Shirts / Shorts / Socks / Tracksuits / Sweatshirts / T-Shirts / Polo Shirts :
All garments that have been custom printed must be washed inside out & washed at **NO MORE THAN 40°C REGARDLESS OF WASHING INSTRUCTIONS INSIDE GARMENT**
Careful adherence to the garment instructions will minimise the likelihood of staining.
- Avoid leaving kit folded or bundled together whilst damp or soiled after use.
 - Garments may discolour due to staining by substances such as mud, grass, or petroleum jelly, which may not entirely be removed by washing.
 - Please note that older 3G pitches may also leave dark marks on light coloured garments.
 - Soaking garments in luke warm water & suitable detergent for approximately 2 hours as soon as possible after use may reduce discolouration.
 - The use of pre-wash soakers will assist in the removal of stains, particularly with white team wear.
 - Utilise the pre-wash programme on automatic washing machines where possible.
 - Wash dark colours separately in low temperatures at no more than 30°C.
 - Rinse thoroughly, hang to dry, cold iron if necessary.
 - Do not iron custom printed garments, except inside out.
 - Do not bleach.

DO NOT USE FABRIC CONDITIONERS OR SOFTENERS

- Windbreakers / Rain Jackets / Waterproof Treated Garments :
PLEASE NOTE : Windbreakers, rain jackets & waterproof treated garments that have been custom printed must only be hand washed at a cold temperature
- Wipe clean with a damp sponge/cloth with luke warm water.
 - Cold wash, turning garment inside out.
 - Do not bleach.
 - Do not tumble dry.
 - Do not iron custom print.
 - Do not fold damp.

DO NOT USE FABRIC CONDITIONERS OR SOFTENERS

Macronstore Wakefield do not take responsibility for damage to supplied garments or custom printing if the above garment care instructions have not been followed. All our printing processes are vigorously tested & we use only the highest quality print materials specific to each individual garment to ensure prolonged durability. If you are unsure about any of the instructions above, please contact us for clarification.
